

The Business Energy Efficiency Surveys (BEES) Program can help SoCalGas customers across the commercial, industrial, and agricultural sectors by identifying energy efficiency upgrades.

## Why Should You Participate In The BEES Program?

1. No-cost survey providing an inventory of existing natural gas equipment.
2. Tailored energy efficiency recommendations include:
  - Energy-efficient natural gas equipment upgrades
  - Estimated natural gas savings, cost savings, rebates, and simple payback period\*
  - Eligible rebates and incentives along with financing options
3. Recommendations for eligible SoCalGas programs that align with your financial and energy efficiency goals.

\*Simple payback period is calculated using the estimated equipment upgrade costs, annual natural gas savings costs, and rebates from qualifying programs. Simple payback period may change depending on factors such as program or equipment selected, usage patterns, or other factors.
